

Turn Your Free Time Into Extra Income

With a Simple “Try Before You Buy!” Side Hustle

Most businesses struggle with the same hidden problem:

They lose leads.
Their emails land in spam.
Their customers forget them.

And they don't have time — or staff — to fix it.

That's where you come in.

You don't need a marketing degree.
You don't need expensive software.
You don't need to quit your day job.

You simply offer businesses something they already want:

A safe way to test email marketing before committing long-term.

The Opportunity

Businesses want:

- More customers
- Better follow-up
- Emails that actually reach inboxes

But they fear:

- Wasting money
- Complicated systems
- Long contracts

Your “Try Before You Buy!” experience removes that fear.

You set up and run a real email campaign for them.

They see real results.
Trust is built naturally.

And you earn recurring income — from home.

What You Offer

- ✓ Automated follow-up for new leads
- ✓ Bulk email announcements
- ✓ Simple sales paths
- ✓ Email list cleanup
- ✓ Past customer reactivation
- ✓ Newsletter management
- ✓ Email compliance setup
- ✓ Done-for-you email campaigns

All powered by your Personal Email Server.

To your client, you are simply:

“The person who makes our emails work.”

Your No-Risk Starter Offer

“30-Day Inbox Jumpstart — On Me”

You say:

“I’ll set up and run a 30-day email campaign for you at no cost for my work.

You only cover your Entry-Level Personal Email Server subscription.

Cancel anytime.

See real results before deciding anything long-term.”

What They Get

- One complete email campaign
 - Basic list cleanup
 - Branded sending domain
 - Inbox-ready email setup
 - End-of-month performance report
-

What You Get

- A real client success story
 - A natural path to monthly services
 - 30% recurring commission on server subscriptions
-

Ready To Start?
